# GOAL: Ontology Usage Catalog

- **Online catalog of ontology uses**
- **Ontology usage framework provides standard metadata**
- **Forms interface for entering ontology usages which receive semantic markup on the fly.**
- **Support for search**
- **Support for rating quality and other characteristics of a given ontology usage.**

# High Level Tasks

- **Convert Ontology Usage Framework (OUF) to an Ontology**
- **Create application with forms interface backed by semantic metadata from the OUF ontology.**
- **Populate the catalog with the ontology usages we have to date.**
- **Invite the community to participate in this effort by entering their own ontology uses.**

# Analogous Effort: Exemplary Ontologies

- **Catalog of Exemplary Ontologies**  
<http://ontologydesignpatterns.org/wiki/Ontology:Main>
- **Example: Good Relations**  
<http://ontologydesignpatterns.org/wiki/Ontology:GoodRelations>
- **Uses Semantic Media Wiki**

Who will do the work?

**Any Volunteers?**
