Coordinating our OOR Software Development

Mike Dean
mdean@bbn.com

OOR Panel on Coordinating our OOR Software Development
19 February 2010
Motivation

• Significant recent OOR-specific development and deployment
• Good time to revisit OOR development discussions from early 2009
  – Software configuration management
Recent OOR Development

• Federation of OOR instances (BBN)
• Common Logic support (U Toronto)
• Gatekeeping and Provenance (Northeastern)
• ...

Recent OOR Deployments

- Updated OOR sandbox (Shinya Yamada, Tejas Parikh, Paul Alexander, et al.)
- BBN (2 instances) (Jim Chatigny, Dan Cerys)
- Northeastern University (Ken Baclawski et al.)
- Ryerson University (Bart Gajderowicz)
- ...

- Continues to get easier as we refine the installation process
Agenda
